

# Brief Contents

## SECTION I

### Introduction I

- 1 The Automotive Service Industry 2
- 2 Tools, Fasteners, and Safety 16
- 3 Preventative Maintenance and Service Procedures 42

## SECTION II

### Engine Repair 71

- 4 Engine Operation, Parts, and Specifications 72
- 5 Engine Condition Diagnosis 90
- 6 Engine Disassembly, Cleaning, and Crack Detection 106
- 7 Cooling and Lubrication Systems 125
- 8 Cylinder Heads and Valves 149
- 9 Camshafts, Valve Trains, Intake and Exhaust Systems 170
- 10 Pistons, Rings, and Connecting Rods 199
- 11 Engine Blocks, Crankshafts, and Bearings 215
- 12 Engine Assembly and Installation 236

## SECTION III

### Electrical/Electronic Systems 259

- 13 Electrical and Electronic Principles and Circuits 260
- 14 Meters, Scopes, Wiring, and Schematics 294
- 15 Batteries and Battery Testing 340
- 16 Cranking System Operation, Diagnosis, and Service 363
- 17 Charging Circuit Operation, Diagnosis, and Service 388
- 18 Lighting and Signalling Circuit Operation and Diagnosis 421

- 19 Dash Instruments Operation and Diagnosis 437
- 20 Accessory Circuits Operation and Diagnosis 457
- 21 Audio System Operation and Diagnosis 488

## SECTION IV

### Heating and Air Conditioning 498

- 22 Heating, Ventilation, and Air-Conditioning Principles 499
- 23 Heating and Air-Conditioning Diagnosis and Service 524

## SECTION V

### Engine Performance 542

- 24 Ignition System Operation, Diagnosis, and Service 543
- 25 Computers and Sensors: Operation, Diagnosis, and Service 591
- 26 Computers and On-Board Diagnostics 621
- 27 Engine Fuels and Combustion 636
- 28 Computerized Carburetor Operation, Diagnosis, and Service 650
- 29 Gasoline and Diesel Fuel Injection: Operation, Diagnosis, and Service 669
- 30 Emission Control Device Operation, Diagnosis, and Service 706
- 31 Engine Performance Diagnosis and Testing 739

## SECTION VI

### Brakes 772

- 32 Brake System Principles and Operation 773
- 33 Master Cylinders and the Hydraulic System 785

- 34 Wheel Bearings and Service 817
- 35 Drum Brake Operation, Diagnosis, and Service 834
- 36 Disc Brake Operation, Diagnosis, and Service 853
- 37 Machining Brake Drums and Rotors 875
- 38 Power-Assisted Brakes 891
- 39 Antilock Brakes 901

SECTION VII

---

**Suspension and Steering 925**

- 40 Tires and Wheels 926
- 41 Steering System Diagnosis and Service 960
- 42 Suspension System Diagnosis and Service 987
- 43 Wheel Alignment Principles, Diagnosis, and Service 1013

SECTION VIII

---

**Manual Drive Trains and Axles 1017**

- 44 Clutches 1047
- 45 Manual Transmissions/Transaxles 1065
- 46 Drive Shafts and CV Joints 1095
- 47 Differentials 1124
- 48 Four-Wheel Drive and All-Wheel Drive 1147

SECTION IX

---

**Automatic Transmissions and Transaxles 1171**

- 49 Automatic Transmission/Transaxle Principles 1172
- 50 Automatic Transmission/Transaxle Diagnosis and Service 1202

**Answers to Even Numbered End-of-Chapter Red Seal Certification-Type Questions 1222**

**APPENDIXES (Sample Red Seal Certification Tests)**

- 1 Engine Repair 1224
- 2 Automatic Transmission/Transaxle 1229
- 3 Manual Drive Train and Axles 1233
- 4 Suspension and Steering 1236
- 5 Brakes 1239
- 6 Electrical/Electronic Systems 1242
- 7 Heating and Air Conditioning 1247
- 8 Engine Performance 1251

**Glossary 1257**

**Index 1277**

## SECTION

### Introduction |

### 2 The Automotive Service Industry

Objectives	2
Vehicle Construction	2
Frame Construction	2
Unit-Body Construction	3
Space-Frame Construction	3
Vehicle Assembly	4
Vehicle Dealer Preparation	5
Vehicle Service Jobs	5
Technician Work Sites	7
Technician Pay Methods	8
Flagging an R.O.	9
Sublet Repairs	10
Parts Replacement	10
Technician Certification in Canada	11
Types of Jobs in the Automotive Service Industry	13
Payroll Taxes and Deductions	14
Summary	14
Review Questions	15
Red Seal Certification-Type Questions	15

## 2

### Tools, Fasteners, and Safety | 16

Objectives	16
Threaded Fasteners	16
Metric Bolts	17
Grades of Bolts	17

Nuts	18
Washers	19
Basic Tool List	19
Tool Sets and Accessories	27
Brand Name Versus Proper Term	28
Safety Tips for Using Hand Tools	28
Measuring Tools	28
Safety Tips for Technicians	31
Safety in Lifting (Hoisting) a Vehicle	33
Hazardous Materials	37
Material Safety Data Sheets	38
Electrical Cord Safety	39
Fire Extinguishers	39
Summary	40
Review Questions	40
Red Seal Certification-Type Questions	40

## 3

### Preventative Maintenance and Service Procedures | 42

Objectives	42
Identifying a Vehicle	42
Getting Ready for Service	43
Wiper Blade Inspection and Replacement	44
Air Filter Inspection/Replacement	44
Brake Fluid Level Inspection	45
Brake Fluid Types	45
Engine Oil Level and Condition	46
Engine Oil Changes	47
Viscosity of Oil (SAE Rating)	47
Quality of Oil (API Rating)	48
ILSAC Oil Rating	49
Synthetic Engine Oil	50
Engine Oil Disposal	50
Oil Filters	51

Cooling System Service	53
Antifreeze/Coolant Disposal	54
Radiator and Heater Hoses	54
Automatic Transmission Fluid Check	54
Types of Automatic Transmission Fluid	55
Power Steering Fluid	56
Windshield Washer Fluid	56
Accessory Drive Belt Inspection	57
Checking Tire Pressure	58
Tire Rotation	59
Wheel Mounting Torque	60
Tire Inspection	60
Chassis Lubrication	61
Chassis Grease	62
Other Under-the-Vehicle Lubrication Checks	63
Differential Fluid Check	64
Differential Lubrications	64
Manual Transmission/Transaxle Lubricant Check	64
Summary	70
Review Questions	70
Red Seal Certification-Type Questions	70

## SECTION II

### Engine Repair 71

#### 4

#### Engine Operation, Parts, and Specifications 72

Objectives	72
Energy and Power	72
Four-Stroke Cycle Operation: Gasoline Engine	72
The 720° Cycle	74
Engine Classification	74
Engine Rotation Direction	77
Bore	77
Stroke	78
Engine Displacement	78
Variable Cylinder Engines	79
Compression Ratio	79
Compression After Machining	80
The Crankshaft Determines the Stroke	80
Torque	81
Work	81
Horsepower (Kilowatts)	81
Horsepower and Altitude	82
Turbocharging	82
Supercharging	84
Diesel Engines	86
Diesel Principles	87
Summary	88
Review Questions	88
Red Seal Certification-Type Questions	89

#### 5

#### Engine Condition Diagnosis 90

Objectives	90
Engine Smoke Diagnosis: Gasoline Engine	90
Engine Noise Diagnosis	90
Vacuum Test	92
Compression Test	94
Wet Compression Test: Gasoline Engine	96
Cylinder Leakage Test	96
Cylinder Power Balance Test	97
Power Balance Test Procedure: Gasoline Engine	97
Oil Pressure Test	98
Oil Pressure Warning Lamp	98
Oil Leaks	99
Diesel Engine Condition Diagnosis	103
Exhaust Colour Diagnostics	103
Summary	104
Review Questions	104
Red Seal Certification-Type Questions	104

#### 6

#### Engine Disassembly, Cleaning, and Crack Detection 106

Objectives	106
Engine Removal	106
Engine Disassembly	108
Checking Cylinder Bore	109
Removing the Oil Pan	109
Removing the Cylinder Ridge	110
Removing the Pistons	110
Removing the Harmonic Balancer	111
Removing the Timing Chain and Camshaft	111
Removing the Main Bearing and Crankshaft	112
Remove and Disassemble the Cylinder Head	112
Read the Carbon Colour	113
Mechanical Cleaning	114
Chemical Cleaners	114
Solvent-Based Cleaning	114
Water-Based Chemical Cleaning	114
Spray Washing	115
Steam Cleaning	115
Thermal Cleaning	115
Cold Tank Cleaning	115
Hot Tank Cleaning	116
Vapour Cleaning	116
Ultrasonic Cleaning	116
Vibratory Cleaning	116
Blasters	117
Visual Inspection	117
Magnetic Crack Inspection	117
Dye-Penetrant Testing	118
Fluorescent-Penetrant Testing	118
Pressure Testing	118

Crack Repair	119
Crack-Welding Cast Iron	119
Crack-Welding Aluminum	119
Crack Plugging	119
Chemical Sealants	121
Summary	123
Review Questions	123
Red Seal Certification-Type Questions	123

## 7

---

### Cooling and Lubrication Systems 125

Objectives	125
Purpose and Function of the Cooling System	125
Air Cooled Engines	126
Cooling System Design	126
Thermostat Temperature Control	126
Coolant	129
The Design and Function of the Radiator	130
Coolant Recovery System	132
Testing the Cooling System	133
The Water Pump	135
Radiator Cooling Fans	135
Thermostatic Fans	137
Heater Core	138
Heater Problem Diagnosis	138
Coolant Temperature Warning Light	138
Burping the System	139
The Lubrication System	139
Oil Pressure Warning Lamp	146
Summary	147
Review Questions	147
Red Seal Certification-Type Questions	147

## 8

---

### Cylinder Heads and Valves 149

Objectives	149
The Hemispherical Combustion Chamber	149
The Wedge Combustion Chamber	150
Multiple-Valve Combustion Chamber	150
Intake and Exhaust Ports	151
Removing the Overhead Camshaft	152
Cylinder Head Reconditioning Sequence	153
Valve Guides	155
Valve Guide Replacement	157
Intake and Exhaust Valves	158
Valve Reconditioning Procedure	161
Valve Seat Replacement	163
Valve Stem Height	163
Valve Stem Seals	164
Installing the Valves	166
Summary	169
Review Questions	169
Red Seal Certification-Type Questions	169

## 9

---

### Camshafts, Valve Trains, Intake and Exhaust Systems 170

Objectives	170
Camshaft Function	170
Camshaft Location	170
Camshaft Problem Diagnosis	171
Camshaft Removal (Pushrod Engine)	171
Camshaft Drives	172
Camshaft Belt Drives	174
Rocker Arms	175
Pushrods	177
Camshaft Duration, Timing and Overlap	177
Camshaft Testing	178
Cam Timing Chart	178
Valve Timing	178
Variable Valve Timing	180
Installing the Camshaft	180
Assembled Camshafts	183
Lifters	183
Intake Manifolds	184
Air Intake Systems	189
Exhaust Systems	192
Summary	198
Review Questions	198
Red Seal Certification-Type Questions	198

## 10

---

### Pistons, Rings, and Connecting Rods 199

Objectives	199
Purpose and Function of Pistons, Rings, and Connecting Rods	199
Piston and Rod Removal	199
Pistons	200
Compression Rings	205
Connecting Rods	208
Piston and Rod Assembly	211
Summary	214
Review Questions	214
ASE Certification-Type Questions	214

## 11

---

### Engine Blocks, Crankshafts, and Bearings 215

Objectives	215
Block Manufacturing	215
Engine Casting and Serial Numbers	216
Aluminum Blocks	217
The Block Deck and Passages	217
Main Bearing Caps	218
Engine Block Service	219
Cylinder Honing	221

Crankshaft Purpose and Function 224  
 Harmonic Balancer 225  
 Crankshaft Thrust Surface 226  
 Crankshaft Grinding 226  
 Balance Shafts 226  
 Engine Bearings 229  
 Summary 235  
 Review Questions 235  
 Red Seal Certification-Type Questions 235

## 12

### Engine Assembly and Installation 236

Objectives 236  
 Cleaning Oil Galleries in the Block 236  
 Block Preparation 236  
 Installing Cups and Plugs 237  
 Engine Assembly 238  
 Installing One-Piece Main Seals 241  
 Installing Timing Drives for Pushrod Engines 242  
 Piston Fitting 242  
 Installing Piston Rings Onto Pistons 243  
 Checking Piston Ring Side Clearance 244  
 Installing Piston and Rod Assemblies 244  
 Head Gaskets 247  
 Installing Manifolds 251  
 Installing the Vibration Damper 251  
 Installing the Oil Pump 251  
 The Oil Pan 252  
 Engine Installation 253  
 Summary 258  
 Review Questions 258  
 Red Seal Certification-Type Questions 258

## SECTION

### Electrical/Electronic Systems 259

## 13

### Electrical and Electronic Principles and Circuits 260

Objectives 260  
 Electricity 260  
 Circuits 267  
 Series Circuits 269  
 Parallel Circuits 271  
 Series-Parallel Circuits 271  
 Ohm's Law 271  
 Kirchhoff's Voltage Law 274  
 Kirchhoff's Current Law 276  
 Determining Total Resistance in a Parallel Circuit 277  
 Capacitors or Condensers 279

Magnetism 280  
 Electronic Principles 284  
 Transistors 289  
 Solar Cells 290  
 Integrated Circuits 290  
 Electrostatic Discharge (ESD) 291  
 Summary 292  
 Review Questions 292  
 Red Seal Certification-Type Questions 292

## 14

### Meters, Scopes, Wiring, and Schematics 294

Objectives 294  
 Test Lights 294  
 Digital Multimeters 295  
 AC/DC Clamp-On Digital Multimeter 302  
 Electrical Unit Prefixes 303  
 How to Read Digital Meters 305  
 Analog Versus Digital Storage Oscilloscope 307  
 Oscilloscope Display Grid 308  
 Automotive Wiring 312  
 Braided Ground Straps 314  
 Battery Cables 315  
 Jumper Cables 315  
 Fuses and Circuit Protection Devices 315  
 Terminals and Connectors 320  
 Wire Repair 320  
 Wiring Diagrams 323  
 Switches 324  
 Relay Terminal Identification 326  
 Multiplexing 328  
 Using Wiring Diagrams for Troubleshooting 330  
 Locating a Short Circuit 331  
 Electrical Troubleshooting Guide 334  
 Summary 339  
 Review Questions 339  
 Red Seal Certification-Type Questions 339

## 15

### Batteries and Battery Testing 340

Objectives 340  
 Purpose of a Battery 340  
 Battery Construction 340  
 How a Battery Works 343  
 Specific Gravity 344  
 Battery Ratings 345  
 Deep Cycling 346  
 Dual Batteries 346  
 Valve-Regulated Lead Acid (VRLA) Oxygen Recombinant Batteries 347  
 Gel-Cell Batteries 347

Spiral-Wound Batteries 347  
 Nickel Metal Hydride (NiMH) Batteries 348  
 42 Volt Automotive Electrical Systems 349  
 Battery Service 349  
 Jump-Starting 354  
 Battery Date Codes 356  
 Battery Drain Test 357  
 Battery Troubleshooting Guide 360  
 Summary 362  
 Review Questions 362  
 Red Seal Certification-Type Questions 362

## 16

---

### **Cranking System Operation, Diagnosis, and Service 363**

Objectives 363  
 Cranking Circuit 363  
 How the Starter Motor Works 364  
 Types of Starter Motors 366  
 Armature and Commutator Assembly 368  
 Permanent-Magnet Fields 369  
 Gear-Reduction Starters 369  
 Starter Drives 370  
 Positive-Engagement Starters 372  
 Solenoid-Operated Starters 373  
 Combination Starter-Generators 374  
 Starting System Troubleshooting 374  
 Voltage-Drop Testing 375  
 Control Circuit Testing 377  
 Specifications for a Starter Amperage Test 377  
 Starter Overhaul 380  
 Starting System Troubleshooting Guide 384  
 Summary 387  
 Review Questions 387  
 Red Seal Certification-Type Questions 387

## 17

---

### **Charging System Operation, Diagnosis, and Service 388**

Objectives 388  
 Principles of Generator Operation 388  
 Alternating-Current Generators (Alternators) 388  
 Generator Construction 388  
 How a Generator Works 391  
 Computer-Controlled Generators 398  
 Charging System Testing and Service 400  
 Current Output and Full-Field Test—External A Circuit 403  
 Generator Disassembly 410  
 Generator Assembly 414  
 Combination Starter-Generators 415  
 Summary 419

Review Questions 419  
 Red Seal Certification-Type Questions 419

## 18

---

### **Lighting and Signalling Circuit Operation and Diagnosis 421**

Objectives 421  
 Lighting 421  
 Bulb Numbers 421  
 Brake Lights 424  
 Headlight Switches 426  
 Sealed-Beam Headlights 426  
 Headlight Aiming 427  
 Composite Headlights 428  
 Halogen Sealed-Beam Headlights 428  
 High-Intensity Discharge Headlights 429  
 Daytime Running Lights 430  
 Dimmer Switches 430  
 Turn (Directional) Signals 430  
 Hazard Flashers 432  
 Courtesy Lights 433  
 Illuminated Entry 434  
 Fibre Optics 434  
 Feedback 434  
 Lighting System Troubleshooting Guide 435  
 Summary 436  
 Review Questions 436  
 Red Seal Certification-Type Questions 436

## 19

---

### **Dash Instruments Operation and Diagnosis 437**

Objectives 437  
 Analog Dash Instruments 437  
 Computer-Controlled Instrument Panels 438  
 Dash Instrument Diagnosis 440  
 Telltale Lamps 440  
 Oil Pressure Warning Devices 440  
 Temperature Lamp Diagnosis 440  
 Brake Warning Lamp 442  
 Digital Electronic Dash Operation 443  
 Electronic Speedometers 447  
 Electronic Odometers 448  
 Electronic Speedometer and Odometer Service 449  
 Electronic Fuel-Level Gauges 450  
 Electronic Dash Instrument Diagnosis and Troubleshooting 451  
 Maintenance Reminder Lamps 452  
 Low Tire Pressure Warning System 452  
 Summary 456  
 Review Questions 456  
 Red Seal Certification-Type Questions 456

## 20

### Accessory Circuits Operation and Diagnosis 457

- Objectives 457
- Blower Motor Operation 457
- Blower Motor Diagnosis 458
- Windshield Wipers 458
- Horns 461
- Cruise Control 462
- Power Windows 464
- Power Seats 466
- Electric Power Door Locks 468
- Security Systems 468
- Heated Rear Window Defoggers 473
- Airbags 474
- Electrical Accessory Troubleshooting Guide 483
- Summary 487
- Review Questions 487
- Red Seal Certification-Type Questions 487

## 21

### Audio System Operation and Diagnosis 488

- Objectives 488
- Radios 488
- Antennas 489
- Speakers 490
- Speaker Types 492
- Crossovers 493
- Powerline Capacitors 493
- Radio Interference 494
- Summary 497
- Review Questions 497
- Red Seal Certification-Type Questions 497

## SECTION IV

### Heating and Air Conditioning 498

## 22

### Heating, Ventilation, and Air-Conditioning Principles 499

- Objectives 499
- Principles of Heating and Refrigeration 499
- Heating System 501
- Air-Conditioning Refrigeration Cycle 502
- Expansion Valve Systems 504
- Orifice Tube Systems 504
- Thermostatic Control 505

- Refrigerants 506
- Refrigerant Oils 507
- Condenser 508
- Evaporator 509
- Receiver-Drier 509
- Accumulator 511
- Refrigerant Lines and Hoses 512
- Thermostatic Expansion Valves 513
- Fixed-Orifice Tubes 516
- Compressors 516
- Electric Compressor 518
- Compressor Controls 518
- HVAC Controls 520
- Cabin Filters 522
- Summary 522
- Review Questions 522
- Red Seal Certification-Type Questions 522

## 23

### Heating and Air-Conditioning Diagnosis and Service 524

- Objectives 524
- Heater Trouble Diagnosis 524
- Checking A/C System Performance 526
- Imperial Versus Metric Readings 528
- Temperature and Pressure Measurements 528
- Refrigerant Line Connections 534
- Retrofitting a CFC-12 System to an HFC-134a System 535
- Summary 541
- Review Questions 541
- ASE Certification-Type Questions 541

## SECTION V

### Engine Performance 542

## 24

### Ignition System Operation, Diagnosis, and Service 543

- Objectives 543
- Ignition System Operation 543
- Ignition Coils 543
- Distributor Ignition 553
- Waste Spark Ignition Systems 557
- Coil-on-Plug Ignition 559
- Checking for Spark 562
- Electronic Ignition Troubleshooting Procedure 563
- Ignition Coil Testing Using an Ohmmeter 563
- Pickup Coil Testing 564

Testing Magnetic Sensors	564
Testing Hall-Effect Sensors	564
Testing Optical Sensors	564
Ignition System Diagnosis Using Visual Inspection	566
Testing for Poor Performance	567
Testing for a No-Start Condition	568
Ignition System Service	569
Firing Order	569
Distributor Cap and Rotor Inspection	570
Spark Plug Wire Inspection	571
Spark Plug Service	572
Quick and Easy Secondary Ignition Tests	575
Ignition Timing	576
Automotive Oscilloscopes	579
Scope-Testing a Distributorless Ignition System	587
Ignition System Troubleshooting Guide	587
Summary	590
Review Questions	590
Red Seal Certification-Type Questions	590

## 25

### Computers and Sensors—Operation, Diagnosis, and Service 591

Objectives	591
Computer Control	591
The Four Basic Computer Functions	591
Digital Computers	592
Fuel Control System Operating Modes	595
Basic Computer Operation	595
Throttle Position Sensor	596
Processing and Memory	601
Output	602
Sensor Testing	603
Intake Air Temperature Sensor	605
Speed Density	612
Air Vane Sensor	613
Hot Film Sensor	613
Hot Wire Sensor	613
Sensor Testing Using Diagnostic Trouble Codes	616
Summary	620
Review Questions	620
Red Seal Certification-Type Questions	620

## 26

### Computers and On-Board Diagnostics 621

Objectives	621
On-Board Diagnostics	621
Diagnosing Computer Problems	634
Summary	635
Review Questions	635
Red Seal Certification-Type Questions	635

## 27

### Engine Fuels and Combustion 636

Objectives	636
Gasoline	636
Volatility	636
Normal and Abnormal Combustion	638
Octane Rating	639
Gasoline Grades and Octane Number	639
Octane Improvers	639
Oxygenated Fuels	640
Alcohol Additives—Advantages and Disadvantages	641
Testing Gasoline for Alcohol Content	641
Combustion Chemistry	642
High-Altitude Octane Requirements	642
Valve Recession and Unleaded Fuel	643
Reformulated Gasoline	643
General Gasoline Recommendations	644
Diesel Fuels	645
Alternate Fuels	646
Summary	648
Review Questions	648
Red Seal Certification-Type Questions	648

## 28

### Computerized Carburetor Operation, Diagnosis, and Service 650

Objectives	650
Mechanical Fuel Pump	650
Fuel System Operation	651
Conventional Carburetors	652
Choke Operation and Service	657
Idle Mixture Screw Adjustment	660
Carburetor Troubleshooting Guide	661
Feedback-Carburetor Mixture Control	662
Idle Speed Control	667
Summary	667
Review Questions	668
Red Seal Certification-Type Questions	668

## 29

### Gasoline and Diesel Fuel Injection: Operation, Diagnosis, and Service 669

Objectives	669
Fuel Injection	669
Basic Gasoline Fuel-Injection Operation	669
Throttle-Body Injection	674
Bosch Continuous Injection (CIS)	676
Central Port Injection	677
Returnless Fuel Injection	678

Direct Fuel Injection 679  
 Testing Fuel Pump Pressure 682  
 Cleaning Fuel Injectors 688  
 Idle Air Speed Control 689  
 Throttle Bodies: Port Fuel Injection 690  
 False Air 691  
 Diesel Fuel Injection 691  
 Conventional (Mechanical) Fuel Injection 693  
 Fuel Injection Pumps 696  
 Rotary Diesel Fuel Injection Pumps 698  
 Electronic Diesel Fuel Injection 699  
 Diesel Engine Management—ECM Control 701  
 Hydraulic Electronic Unit Injection 702  
 Diesel Engine Service 702  
 Summary 705  
 Review Questions 705  
 Red Seal Certification-Type Questions 705

## 30

### **Emission Control Device Operation, Diagnosis, and Service 706**

Objectives 706  
 Air Pollution and Emissions Control 706  
 Major Pollutants 706  
 Smog 707  
 Control of Emissions 707  
 Positive Crankcase Ventilation (PCV) System 707  
 Air Pump System 709  
 Evaporative Emission Control System 713  
 OBD II Evaporative Control Systems 716  
 Exhaust Gas Recirculation System 717  
 OBD II EGR System Monitor 721  
 Catalytic Converters 721  
 Diesel Emission Controls 725  
 Emissions Testing Centres 726  
 Advanced Vehicles 726  
 Safety 735  
 Summary 738  
 Review Questions 738  
 Red Seal Certification-Type Questions 738

## 31

### **Engine Performance Diagnosis and Testing 739**

Objectives 739  
 The Eight-Step Diagnostic Procedure 739  
 Diagnosing Using Diagnostic Trouble Codes 748  
 Flash Code Retrieval on General Motors Vehicles 750  
 Retrieving Ford Diagnostic Codes 751  
 Retrieving Chrysler Diagnostic Codes 753  
 Retrieving Diagnostic Codes in Import Vehicles 754

Retrieving OBD II Codes—16 Pin 754  
 Exhaust Analysis and Combustion Efficiency 756  
 Oxides of Nitrogen (No<sub>x</sub>) 761  
 Basic Exhaust Gas Analysis 761  
 I/M 240 762  
 Summary 770  
 Review Questions 770  
 Red Seal Certification-Type Questions 770

## SECTION

# VI

### **Brakes 772**

## 32

### **Brake System Principles and Operation 773**

Objectives 773  
 How Brakes Stop Vehicles 773  
 Weight Transfer During Braking 775  
 Friction 776  
 Brake Fluid 776  
 Brake Lining Composition 779  
 Lining Edge Codes 780  
 The Dangers of Exposure to Asbestos 781  
 Antilock Brake System (ABS) Operation 782  
 Summary 783  
 Review Questions 783  
 Red Seal Certification-Type Questions 783

## 33

### **Master Cylinders and the Hydraulic System 785**

Objectives 785  
 Brake Pedal Mechanical Advantage 785  
 The Hydraulic Braking System 785  
 Pascal's Law 786  
 Master Cylinder Reservoirs 787  
 Master Cylinder Reservoir Diaphragm 788  
 Master Cylinder Operation 789  
 Disassembly of the Master Cylinder 796  
 Pressure-Differential Switch (Brake Warning Switch) 799  
 Diagnosing a Red Brake Dash Warning Lamp 800  
 Proportioning Valve 801  
 Metering Valve 802  
 Brake Lines 804  
 Flexible Brake Hose 808  
 Bleeding Procedure 808  
 Summary 815  
 Review Questions 816  
 Red Seal Certification-Type Questions 816

## 34

---

### Wheel Bearings and Service 817

- Objectives 817
- Antifriction Bearings 817
- Bearing Greases 820
- Seals 820
- Symptoms and Diagnosis of Defective Bearings 821
- Non-Drive Wheel Bearing Inspection and Service 821
- Front-Wheel-Drive Sealed Bearing Replacement 825
- Rear Axle Bearing and Seal Replacement 826
- Bearing Failure Analysis 829
- Summary 832
- Review Questions 832
- Red Seal Certification-Type Questions 832

## 35

---

### Drum Brake Operation, Diagnosis, and Service 834

- Objectives 834
- Drum Brake Parts 834
- Brake Drum Removal 837
- Drum Brake Disassembly and Inspection 840
- Reassembling the Drum Brake 846
- The Parking Brake 847
- Drum Brake Troubleshooting Guide 850
- Summary 851
- Review Questions 852
- Red Seal Certification-Type Questions 852

## 36

---

### Disc Brake Operation, Diagnosis, and Service 853

- Objectives 853
- Disc Brake Operation and Parts 853
- Diagnosis and Service 857
- Reassembling Disc Brake Calipers 861
- Rear Disc Brakes 866
- Disc Brake Troubleshooting Guide 869
- Summary 874
- Review Questions 874
- Red Seal Certification-Type Questions 874

## 37

---

### Machining Brake Drums and Rotors 875

- Objectives 875
- Brake Drums 875
- Machining Drums 878

- Disc Brake Rotors 880
- Machining a Disc Brake Rotor 884
- Summary 889
- Review Questions 889
- Red Seal Certification-Type Questions 889

## 38

---

### Power-Assisted Brakes 891

- Objectives 891
- Vacuum Booster Operation 891
- Diagnosing Vacuum-Booster Problems 896
- Hydro-Boost Hydraulic Brake Booster 897
- Hydro-Boost Troubleshooting Guide 899
- Summary 900
- Review Questions 900
- Red Seal Certification-Type Questions 900

## 39

---

### Antilock Brakes 901

- Objectives 901
- Theory of Operation 901
- Purpose and Function of ABS Components 902
- ABS Hydraulic Operation 903
- Rear-Wheel Antilock Systems 909
- Integral and Nonintegral 910
- Integral Antilock Braking Systems 911
- Nonintegral (Remote) ABS 912
- Traction Control 912
- Vehicle Stability System 913
- ABS Diagnosis and Service 913
- Summary 924
- Review Questions 924
- Red Seal Certification-Type Questions 924

## SECTION VII

---

### Suspension and Steering 925

## 40

---

### Tires and Wheels 926

- Objectives 926
- Purposes of Tires and Wheels 926
- Parts of a Tire 926
- Tire Valves 929
- Service Description 931
- High-Flotation Tire Sizes 931
- Load Index and Equivalent Loads 932
- Speed Ratings 933

- Tire Conicity 935
- Rim Width and Tire Size 935
- Uniform Tire Quality Grading System 935
- All-Season Tire Designation 936
- DOT Tire Code 937
- Spare Tires 938
- Run-Flat Tires 938
- Wheels 939
- Unsprung Weight 943
- Lug Nuts 943
- Tire Mounting Recommendations 945
- Tire Rotation 947
- Tire Inspection 947
- Tire Balancing 949
- Tire Leak Detection 951
- Tire Repair 952
- Summary 959
- Review Questions 959
- Red Seal Certification-Type Questions 959

## 41

### Steering System Diagnosis and Service 960

- Objectives 960
- Purpose of Steering Systems 960
- The Steering Column 960
- Conventional Steering Gear 962
- Manual Rack-and-Pinion Steering 966
- Power Steering Pumps 966
- Integral Power Steering Gear Operation 966
- Power Rack-and-Pinion Steering 968
- Variable-Effort Power Steering 971
- Steering System Inspection 972
- Power Steering Diagnosis and Troubleshooting 977
- Summary 986
- Review Questions 986
- Red Seal Certification-Type Questions 986

## 42

### Suspension System Diagnosis and Service 987

- Objectives 987
- Purpose of Suspension Systems 987
- Types of Suspensions 987
- Suspension Principles and Types 992
- Parts of a Suspension System 997
- Rear Suspensions 1002
- Suspension System Diagnosis 1004
- Summary 1012
- Review Questions 1012
- Red Seal Certification-Type Questions 1012

## 43

### Wheel Alignment Principles, Diagnosis, and Service 1013

- Objectives 1013
- Alignment-Related Problems 1013
- Prealignment Checks 1021
- Reading Alignment Specifications 1024
- Alignment Setup Procedures 1025
- Types of Alignments 1028
- Aftermarket Alignment Methods 1035
- Summary 1044
- Review Questions 1044
- Red Seal Certification-Type Questions 1044

## SECTION VIII

### Manual Drive Train and Axles 1046

## 44

### Clutches 1047

- Objectives 1047
- Purpose and Function of a Clutch 1047
- Component Parts and Operation of a Clutch Assembly 1047
- Clutch Problem Diagnosis 1058
- Clutch Replacement 1061
- Clutch Pedal Adjustment 1062
- Bleeding the Hydraulic Clutch 1062
- Clutch Troubleshooting Guide 1063
- Summary 1064
- Review Questions 1064
- Red Seal Certification-Type Questions 1064

## 45

### Manual Transmissions/Transaxles 1065

- Objectives 1065
- The Need for a Transmission 1065
- Gear Types 1066
- Gear Ratios 1068
- Torque, Speed, and Power 1069
- Power Train Gear Ratios 1070
- Transmission Construction 1070
- Torque Flow Through a Manual Transmission 1071
- Speed Gears 1071

Synchronizer Parts and Operation	1072
Five-Speed Gearbox Torque Flow	1076
Manual Transaxle Construction	1081
Transmission/Transaxle Removal	1082
Transmission/Transaxle Disassembly	1083
Hard-to-Shift Problem Diagnosis	1085
Manual Transmission Installation	1086
Gear Lubrication	1086
Summary	1094
Review Questions	1094
Red Seal Certification-Type Questions	1094

## 46

### **Drive Shafts and CV Joints** 1095

Objectives	1095
U-Joint Design and Operation	1095
Drive Shaft and U-Joint Inspection	1102
U-Joint Replacement	1103
Measuring Drive Shaft Angles	1104
Constant Velocity Joints	1106
CV Joint Diagnosis	1108
CV Joint Service	1109
Summary	1123
Review Questions	1123
Red Seal Certification-Type Questions	1123

## 47

---

### **Differentials** 1124

Objectives	1124
Purpose and Function of a Differential	1124
Parts of a Differential	1125
Differential Gear Ratios	1126
Differentials	1128
Ball Bearings/Rear Axles	1134
Straight Roller Bearings/Rear Axles	1134
Tapered Roller Bearings/Rear Axles	1134
Differential Identification	1135
Determining the Axle Ratio of a Differential	1135
Rear End Noise Diagnosis	1135
Differential Inspection	1136
Tooth Contact Pattern Test	1136
Differential Disassembly	1138
Pinion Shaft Bearing Replacement	1139
Drive Pinion Depth	1140
Pinion Gear Preload	1141
Checking and Correcting Backlash	1141
Setting Side Bearing Preload	1142
Reassembly of the Differential Assembly	1144

Differential Lubricant	1144
Summary	1146
Review Questions	1146
Red Seal Certification-Type Questions	1146

## 48

---

### **Four-Wheel Drive and All-Wheel Drive** 1147

Objectives	1147
Purpose and Function of Four-Wheel and All-Wheel Drive	1147
Four-Wheel-Drive Systems	1147
All-Wheel Drive	1151
Front and Rear Differential Axle Ratios	1152
Transfer Case	1152
Interaxle Differential	1156
Four-Wheel-Drive Axles	1158
Transfer Case Service and Problem Diagnosis	1160
Diagnosing and Servicing Locking Hubs	1162
Transfer Case Service	1163
Summary	1170
Review Questions	1170
Red Seal Certification-Type Questions	1170

### **Automatic Transmissions and Transaxles** 1171

## 49

---

### **Automatic Transmission/Transaxle Principles** 1172

Objectives	1172
Torque Converters	1173
Planetary Gear Sets	1180
Apply Devices	1183
Hydraulic Servos	1184
Accumulators	1184
Multiple-Disc Clutches	1184
One-Way Clutches	1187
Pump	1188
Typical Torque Flow	1196
Summary	1200
Review Questions	1201
Red Seal Certification-Type Questions	1201

## 50

---

### **Automatic Transmission/Transaxle Diagnosis and Service** 1202

Objectives	1202
Preliminary Automatic Transmission/Transaxle Problem Diagnosis	1202
Removing the Automatic Transmission/Transaxle for Service	1210
Automatic Transmission/Transaxle Disassembly	1211
Reassembling an Automatic Transmission/Transaxle	1215
Reinstalling the Automatic Transmission/Transaxle	1218
Road Test	1219
Summary	1220
Review Questions	1220
Red Seal Certification-Type Questions	1221

### **Answers to Even Numbered End-of-Chapter Red Seal Certification-Type Questions** 1222

## **A P P E N D I X E S** **(Sample Red Seal Certification Tests)**

1 Engine Repair	1224
2 Automatic Transmission/Transaxle	1229
3 Manual Drive Trains and Axles	1233
4 Suspension and Steering	1236
5 Brakes	1239
6 Electrical/Electronic Systems	1242
7 Heating and Air Conditioning	1247
8 Engine Performance	1251

### **Glossary** 1257

### **Index** 1277
