PART I Organizations, Management, and the Networked Enterprise 1

CHAPTER 1 Information Systems in Global Business Today 2

OPENING CASE: Smart Systems and Smart Ways of Working Help Toyota Become Number One 2

1.1 The Role of Information Systems in Business Today 4
How Information Systems Are Transforming Business 4
What Is New in Management Information Systems? 5
Globalization Challenges and Opportunities: A Flattened World 7
The Emerging Digital Firm 8
Window On Management Virtual Meetings: Smart Management 8
Strategic Business Objectives of Information Systems 10

1.2 Perspectives on Information Systems 13
What Is an Information System? 13
Dimensions of Information Systems 15
Window On Technology UPS Competes Globally with Information Technology 19
It Is Not Just Technology: A Business Perspective on Information Systems 20

1.3 Complementary Assets: Organizational Capital and the Right Business Model 21

1.4 Contemporary Approaches to Information Systems 23
Technical Approach 24
Behavioural Approach 24
Approach of This Text: Sociotechnical Systems 24

Summary 26 • Key Terms 26 • Review Questions 27 • Discussion Questions 27
Collaboration and Teamwork: Creating a Web Site for Team Collaboration 27 • Learning Track Modules 27 • Hands-on MIS Projects 28
Case Study: How the Royal Canadian Golf Association Cut Costs and Improved Customer Service 29

CHAPTER 2 How Businesses Use Information Systems 31

OPENING CASE: The Tata Nano Makes History Using Digital Manufacturing 31

2.1 Business Processes and Information Systems 33
Business Processes 33
How Information Technology Enhances Business Processes 35

2.2 How Information Systems Serve Management 35
Transaction Processing Systems 35
Management Information Systems and Decision-Support Systems 36
Window On Technology Air Canada Takes Off with Maintenix 39
Executive Support Systems for Senior Management 40
2.3 Systems That Span the Enterprise 41
Enterprise Applications 41
Window On Organizations Information Systems Help Kia Solve Its Quality Problems 42
Intranets and Extranets 46
Collaboration and Communication Systems: "Interaction" Jobs in a Global Economy 47
E-Business, E-Commerce, and E-Government 49
2.4 The Information Systems Function in Business 49
The Information Systems Department 50
Organizing the Information Systems Function 50
Summary 52 • Key Terms 53 • Review Questions 53 • Discussion Questions 54
Collaboration and Teamwork: Identifying Management Decisions and Systems 54 • Learning Track Modules 54 • Hands-on MIS Projects 55
Case Study: Zellers Merchandises Better through Information Systems and Business Intelligence 56

CHAPTER 3 Information Systems, Organizations, and Strategy 60
OPENING CASE: EBay Fine-Tunes Its Strategy 60
3.1 Organizations and Information Systems 62
What Is an Organization? 62
Features of Organizations 64
3.2 How Information Systems Impact Organizations and Business Firms 69
Economic Impacts 69
Organizational and Behavioural Impacts 70
The Internet and Organizations 72
Implications for the Design and Understanding of Information Systems 73
3.3 Using Information Systems to Achieve Competitive Advantage 73
Porter's Competitive Forces Model 74
Information System Strategies for Dealing with Competitive Forces 75
Window On Technology 7-Eleven Stores Ask the Customer by Asking the Data 78
The Internet's Impact on Competitive Advantage 79
The Business Value Chain Model 80
Window On Organizations Amazon.com: An Internet Giant Fine-Tunes Its Strategy 82
Synergies, Core Competencies, and Network-Based Strategies 85
3.4 Using Systems for Competitive Advantage: Management Issues 88
Sustaining Competitive Advantage 88
Aligning IT with Business Objectives 88
Managing Strategic Transitions 89
Summary 90 • Key Terms 90 • Review Questions 91 • Discussion Questions 91
Collaboration and Teamwork: Identifying Opportunities for Strategic Information Systems 91 • Learning Track Modules 92 • Hands-on MIS Projects 92
Case Study: YouTube, the Internet, and the Future of Movies 94

CHAPTER 4 Social, Ethical, and Legal Issues in the Digital Firm 96

OPENING CASE: CASE STUDY: Tech Data Helps to Fight Software Piracy 96

4.1 Understanding Social, Legal, and Ethical Issues Related to Systems 99
A Model for Thinking about Ethical, Social, and Political Issues 100
Five Moral Dimensions of the Information Age 101
Key Technology Trends That Raise Ethical Issues 101

4.2 Ethics in an Information Society 104
Basic Concepts: Responsibility, Accountability, and Liability 104
Ethical Analysis 104
Candidate Ethical Principles 105
Professional Codes of Conduct 106
Some Real-World Ethical Dilemmas 106

4.3 The Moral Dimensions of Information Systems 106
Information Rights: Privacy and Freedom in the Internet Age 106
Property Rights: Intellectual Property 111
Accountability, Liability, and Control 115
System Quality: Data Quality and System Errors 116
Quality of Life: Equity, Access, and Boundaries 116

Window On Organizations What Should We Do about Cyberbullying? 117

Window On Management Flexible Scheduling at Walmart: Good or Bad for Employees? 121

Summary 123 • Key Terms 123 • Review Questions 124 • Discussion Questions 124

Collaboration and Teamwork: Developing a Corporate Ethics Code 124 • Learning Track Modules 125 • Hands-on MIS Projects 125

Case Study: Should Google Organize Your Medical Records? 127

CBC **Part I Canadian Case Study:** Can Canadians Make Money on the Web? 129

PART II Information Technology Infrastructure 131

CHAPTER 5 IT Infrastructure and Emerging Technologies 132

OPENING CASE: Bell Canada Uses Virtual Desktop IT Infrastructure to Connect 1700 Desktops 132

5.1 IT Infrastructure 134
Defining IT Infrastructure 135
Evolution of IT Infrastructure 136
Technology Drivers of Infrastructure Evolution 139

5.2 Infrastructure Components 145
Computer Hardware Platforms 145
Operating System Platforms 147
Enterprise Software Applications 147
Data Management and Storage 147
Networking/Telecommunications Platforms 148
Consulting and System Integration Services 148
Internet Platforms 148

5.3 Contemporary Hardware Platform Trends 149
The Emerging Mobile Digital Platform 149

Grid Computing 150
Cloud Computing and the Computing Utility 150
Autonomic Computing 150
Window On Technology Computing Goes Green 151
Virtualization and Multicore Processors 153
5.4 Contemporary Software Platform Trends 154
Linux and Open Source Software 154
Software for the Web: Java and Ajax 154
Web Services and Service-Oriented Architecture 155
Mashups and Widgets 157
Software Outsourcing 158
Window On Organizations Salesforce.com: Software as a Service Goes Mainstream 159
5.5 Management Issues 161
Dealing with Platform and Infrastructure Change 161
Management and Governance 161
Making Wise Infrastructure Investments 161
Summary 164 • Key Terms 165 • Review Questions 165 • Discussion Questions 166
Collaboration and Teamwork: Evaluating Server Operating Systems 166 • Learning Track Module 166 • Hands-on MIS Projects 167
Case Study: Amazon's New Store: Utility Computing 168
CHAPTER 6 Databases and Information Management 171
OPENING CASE: HSBC Seeks to Understand Its Customers 171
6.1 Organizing Data in a Traditional File Environment 173
File Organization Terms and Concepts 173
Problems with the Traditional File Environment 174
6.2 The Database Approach to Data Management 176
Database Management Systems 176
Capabilities of Database Management Systems 179
Designing Databases 181
6.3 Using Databases to Improve Business Performance and Decision Making 184
Data Warehouses 184
Window On Management Canadian Tire Warehouses Business Intelligence for Profitability 185
Business Intelligence, Multidimensional Data Analysis, and Data Mining 186
Databases and the Web 190
6.4 Managing Data Resources 191
Establishing an Information Policy 191
Window On Technology The Databases behind MySpace 191
Ensuring Data Quality 193
Summary 194 • Key Terms 195 • Review Questions 195 • Discussion Questions 195
Collaboration and Teamwork: Identifying Entities and Attributes in an Online Database 196 • Learning Track Module 196 • Hands-on MIS Projects 196
Case Study: The RCMP and Its Data: More and More and More Data—and What the RCMP Does with Its Data 198

CHAPTER 7 Telecommunications, the Internet, and Wireless Technology 201

OPENING CASE: Have You Ever Been in a Virgin Megastore? 201

7.1 Telecommunications and Networking in Today's Business World 203
Networking and Communication Trends 203
What Is a Computer Network? 204
Key Digital Networking Technologies 205

7.2 Communications Networks and Transmission Media 208
Signals: Digital versus Analog 208
Types of Networks 208
Physical Transmission Media 209

7.3 The Internet, Its Technologies, and How They Work 212
The Global Internet 212
What Is the Internet? 212
Internet Addressing and Architecture 212
Window On Organizations Should Network Neutrality Continue? 215
Internet Services and Communication Tools 217
Window On Management Monitoring Employees on Networks: Unethical or Good Business? 219
The World Wide Web 221
Intranets and Extranets 226

7.4 The Wireless Revolution 227
Cellular Systems 227
Wireless Computer Networks and Internet Access 228

7.5 Radio Frequency Identification and Wireless Sensor Networks 230
RFID and Wireless Sensor Networks 230

Summary 232 • Key Terms 233 • Review Questions 234 • Discussion Questions 234
Collaboration and Teamwork: Evaluating Smartphones 235 • Learning Track Module 235 • Hands-on MIS Projects 235
Case Study: Google versus Microsoft: Clash of the Technology Titans 236

CHAPTER 8 Securing Information Systems 239

OPENING CASE: Canadian Law Firm Wins the Case for E-mail Security 239

8.1 System Vulnerability and Abuse 241
Why Systems Are Vulnerable 241
Window On Organizations Data Theft Hits Canada 244
Malicious Software: Viruses, Worms, Trojan Horses, and Spyware 245
Hackers and Computer Crime 247
Internal Threats: Employees 250
Software Vulnerability 250

8.2 Business Value of Security and Control 251
Legal and Regulatory Requirements for Electronic Records Management 252
Electronic Evidence and Computer Forensics 252

8.3 Establishing a Framework for Security and Control 253
Information Systems Controls 253
Risk Assessment 254

Security Policy 255
Disaster Recovery Planning and Business Continuity Planning 256
The Role of Auditing 257

8.4 Technologies and Tools for Safeguarding Information Resources 258
Access Control 258
Firewalls, Intrusion Detection Systems, and Antivirus Software 259
Securing Wireless Networks 261
Encryption and Public Key Infrastructure 261
Ensuring System Availability 262

Window On Technology Can Salesforce.com On-Demand Remain in Demand? 264

Ensuring Software Quality 265

Summary 266 • Key Terms 266 • Review Questions 267 • Discussion Questions 267

Collaboration and Teamwork: Evaluating Security Software Tools 267 • Learning Track Module 268 • Hands-on MIS Projects 268

Case Study: A Rogue Trader at Société Générale Roils the World Financial System 270

CBC Part II Canadian Case Study: Wi-Fi in Canada: The Good, the Bad, and the Ugly 272

PART III Developing and Managing Information Systems 277

CHAPTER 9 Developing Information Systems 278

OPENING CASE: Protecting Patients by Tracking Instruments 278

9.1 Systems as Planned Organizational Change 280
Systems Development and Organizational Change 280
Business Process Re-engineering 282
Process Improvement: Business Process Management, Total Quality Management, and Six Sigma 283

9.2 Overview of Systems Development 285
Systems Analysis 285
Systems Design 286
Completing the Systems Development Process 287

Window On Organizations Dorfman Pacific Rolls Out a New Wireless Warehouse 288

Modelling and Designing Systems: Structured and Object-Oriented Methodologies 291

9.3 Alternative Systems-Development Approaches 295
Traditional Systems Life Cycle 295
Prototyping 295
End-User Development 297
Application Software Packages and Outsourcing 299

9.4 Application Development for the Digital Firm 301
Rapid Application Development (RAD), Joint Application Design (JAD), and Agile Development 301

Window On Management How to Get Outsourcing Right: Avoid Getting It Wrong 301

Component-Based Development and Web Services 302

Summary 303 • Key Terms 304 • Review Questions 305 • Discussion Questions 305
Collaboration and Teamwork: Preparing Web Site Design Specifications 305 • Learning Track Module 305 • Hands-on MIS Projects 306
Case Study: Lemontonic and .NET: A Match Made on the Web 307

CHAPTER 10 Information Resource Management and Project Management 309

OPENING CASE: Cargo Portal Services Brings Competitors Together 309

10.1 Information Resource Management 312
The Information Systems Department 312
Managing Planning, Strategy, and External Relations 314
Managing Systems Development 314
Assigning Personnel to Develop Systems 315
Managing Personnel 316
Managing Budgets 317

10.2 The Importance of Project Management 317
Runaway Projects and System Failure 317
Project Management Objectives 318
Window On Management Managing IT in the Merger and Acquisition Game 319

10.3 Selecting Projects 320
Management Structure for Information Systems Projects 321
Linking Systems Projects to the Business Plan 321
Critical Success Factors 323
Portfolio Analysis 324
Scoring Models 324

10.4 Establishing the Business Value of Information Systems 325
Information System Costs and Benefits 326
Real Options Pricing Models 327
Limitations of Financial Models 328

10.5 Managing Project Risk 328
Dimensions of Project Risk 328
Change Management and the Concept of Implementation 329
Controlling Risk Factors 331
Project Management Software Tools 331
Designing for the Organization 334
Window On Organizations Why Can't BioSense Take Off? 335

Summary 336 • Key Terms 337 • Review Questions 337 • Discussion Questions 338
Collaboration and Teamwork: Identifying Implementation Problems 338 • Learning Track Modules 338 • Hands-on MIS Projects 338
Case Study: Canadian Gun Registry: A Boondoggle or Simply a Complex Project? 340

CHAPTER 11 Managing Global Systems 342

OPENING CASE: SeverStal Creates an IT Infrastructure for Global Steelmaking 342

11.1 The Growth of International Information Systems 344
Developing an International Information Systems Architecture 344
The Global Environment: Business Drivers and Challenges 346
State of the Art 348

11.2 Organizing International Information Systems 349
Global Strategies and Business Organization 349
Global Systems to Fit the Strategy 350
Reorganizing the Business 351
11.3 Managing Global Systems 351
A Typical Scenario: Disorganization on a Global Scale 352
Global Systems Strategy 352
The Management Solution 354
Window On Management Colgate-Palmolive Keeps the World Smiling 355
11.4 Technology Issues and Opportunities for Global Value Chains 357
Computing Platforms and Systems Integration 357
Connectivity 357
Software Localization 359
Window On Organizations Can Cell Phones Close the Global Digital Divide? 359
Summary 362 • Key Terms 362 • Review Questions 362 • Discussion Questions 363
Collaboration and Teamwork: Identifying Technologies for Global Business Strategies 363 • Hands-on MIS Projects 363
Case Study: Nestlé Tries for an All-for-One Global Strategy 364
Part III Canadian Case Study: In Tech We Trust: The Story of SAP in Canada 367

PART IV How Digital Businesses Use Information and Systems 371

CHAPTER 12 Enterprise Applications to Manage Supply Chains and Respond to Customers 372
OPENING CASE: Allan Candy: How Sweet Independence Is! 372
12.1 Enterprise Systems 374
What Are Enterprise Systems? 374
Enterprise Software 375
Business Value of Enterprise Systems 376
12.2 Supply Chain Management Systems 377
The Supply Chain 377
Information Systems and Supply Chain Management 379
Supply Chain Management Software 379
Window On Technology Procter & Gamble Tries to Optimize Inventory 381
Global Supply Chains and the Internet 383
Business Value of Supply Chain Management Systems 385
12.3 Customer Relationship Management Systems 385
What Is Customer Relationship Management? 386
CRM Software 387
Window On Organizations Why Novartis Backed Off from Enterprise Software 388
Operational and Analytical CRM 391
Business Value of Customer Relationship Management Systems 391

12.4 Enterprise Applications: New Opportunities and Challenges 392
Enterprise Application Challenges 392
Next-Generation Enterprise Applications 393

Summary 395 • Key Terms 395 • Review Questions 395 • Discussion Questions 396
Collaboration and Teamwork: Analyzing Enterprise Application Vendors 396 • Learning Track Modules 396 • Hands-on MIS Projects 397
Case Study: Symantec's ERP Turmoil 398

CHAPTER 13 E-Commerce: Digital Markets and Digital Goods 401

OPENING CASE: Nexon Games: E-Commerce Goes Social 401

13.1 Electronic Commerce and the Internet 403
E-Commerce Today 403
Why E-Commerce Is Different 404
Key Concepts in E-Commerce: Digital Markets and Digital Goods in a Global Marketplace 407
Window On Organizations Stonyfield Farm and Others Blog for Communication 408
Internet Business Models 411

13.2 Electronic Commerce 414
Types of Electronic Commerce 414
Window On Technology Can J&R Electronics Grow with E-Commerce? 414
Achieving Customer Intimacy: Interactive Marketing, Personalization, and Self-Service 416
Business-to-Business E-Commerce: New Efficiencies and Relationships 419

13.3 M-Commerce 421
M-Commerce Services and Applications 421
Accessing Information from the Wireless Web 423

13.4 Electronic Commerce Payment Systems 423
Types of Electronic Payment Systems 423
Digital Payment Systems for M-Commerce 424

Summary 425 • Key Terms 425 • Review Questions 426 • Discussion Questions 426
Collaboration and Teamwork: Performing a Competitive Analysis of E-Commerce Sites 426 • Learning Track Modules 427 • Hands-on MIS Projects 427
Case Study: Facebook's Dilemma 428

CHAPTER 14 Enhancing Decision Making 431

Libro Financial's Dashboard Provides Better Lending Processes 431

14.1 Decision Making and Information Systems 433
Business Value of Improved Decision Making 434
Types of Decisions 434
The Decision-Making Process 435
Managers and Decision Making in the Real World 436

14.2 Systems for Decision Support 439
Management Information Systems (MIS) 439
Decision-Support Systems (DSS) 439
Window On Management Too Many Bumped Fliers: Why? 440
Window On Technology Hospital Credits Business Intelligence with Improving Patient Care 442

Data Visualization and Geographic Information Systems 446
Web-Based Customer Decision-Support Systems 447
Group Decision-Support Systems (GDSS) 448

14.3 Executive Support Systems (ESS) and the Balanced Scorecard Framework 448
The Role of Executive Support Systems in the Firm 449
Business Value of Executive Support Systems 450

Summary 451 • Key Terms 452 • Review Questions 452 • Discussion Questions 453
Collaboration and Teamwork: Designing a University GDSS 453 • Learning Track Module 453 • Hands-on MIS Projects 453
Case Study: Can Decision Support Systems Make Your Health Care Better? 454

CHAPTER 15 Managing Knowledge and Collaboration 457

OPENING CASE: Content Management for the Royal Canadian Mint: How to Maximize Your Web Presence 457

15.1 The Knowledge Management Landscape 459
Important Dimensions of Knowledge 460
The Knowledge Management Value Chain 461
Types of Knowledge Management Systems 463

15.2 Enterprise-Wide Knowledge Management Systems 464
Enterprise Content Management Systems 464
Knowledge Network Systems 466
Collaboration Tools and Learning Management Systems 467
Window On Management Managing with Web 2.0 468

15.3 Knowledge Work Systems 469
Knowledge Workers and Knowledge Work 469
Requirements of Knowledge Work Systems 469
Examples of Knowledge Work Systems 470

15.4 Intelligent Techniques 472
Capturing Knowledge: Expert Systems 472
Organizational Intelligence: Case-Based Reasoning 475
Fuzzy Logic Systems 476
Neural Networks 477
Window On Technology Sharing Knowledge with Social Bookmarking 478
Genetic Algorithms 479
Hybrid AI Systems 480
Intelligent Agents 480

Summary 481 • Key Terms 482 • Review Questions 482 • Discussion Questions 483
Collaboration and Teamwork: Rating Knowledge Network Systems 483 • Learning Track Module 483 • Hands-on MIS Projects 483
Case Study: Innovation and Collaboration at Coca-Cola: It's the Real Thing 484
CBC **Part IV Canadian Case Study:** Second Life: A New Generation of Online Application 486
