PEARSON

## Personalized Learning!

The **MyStatLab** Study Plan is based on your specific learning needs.

### Auto-Graded Tests and Assignments

**MyStatLab** comes with two pre-loaded Sample Tests for each chapter so you can self-assess your understanding of the material.

### Personalized Study Plan

A Study Plan is generated based on your results on Sample Tests and instructor assignments. You can clearly see which topics you have mastered and, more importantly, which topics you need to work on!

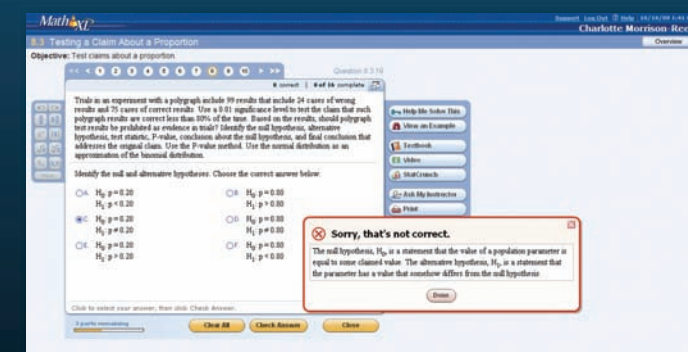

*"I'm a visual learner so having the video lectures was helpful, and the homework allowed me to see which areas I was struggling in. The helpful hints for solving the homework questions were very helpful."*

### Practice Problems

Use the Study Plan exercises to get practice where you need it. To check how you're doing, click Results to get an overview of all your scores.

## Unlimited Practice!

*MyStatLab* offers a wide variety of problems that let you practise to improve your understanding of the course material.

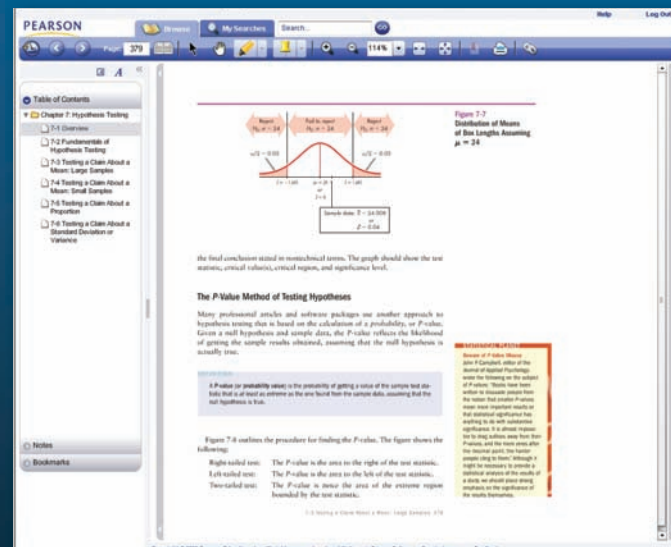

## Help Me Solve This

Stuck on an exercise and don't know where to begin? Click the Help Me Solve This button to see a walkthrough that shows you how to set and solve the exercise.

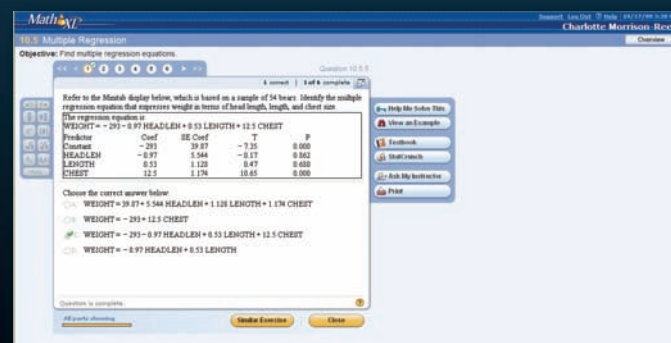

## eText

Pearson eText gives students access to the text whenever and wherever they have access to the internet. eText pages look exactly like the printed text, offering powerful new functionality for students and instructors. Users can create notes, highlight text in different colours, create bookmarks, zoom, click hyperlinked words and phrases to view definitions, and choose single-page or two-page view.

## Similar Exercise

Once you have solved an exercise, *MyStatLab* allows you to practice similar exercises to reinforce concepts and prepare for mid-terms/finals.

## Save Time. Improve Results!

Use *MyStatLab* to prepare for tests and exams and to go to class ready to learn.

When you use *MyStatLab*, you don't just learn more about statistics—you learn how to learn.

More than three million students have used *MyStatLab* (and *MyMathLab*) at almost 2,000 institutions around the world.

We asked Canadian students what they thought about *MyStatLab*. Here are some of the things they had to say:

*"I ended up with a 90% on my mid-term thanks to this program."*

*"The 'View an Example' was super helpful because it helped me go through the question and I was able to reiterate it when doing my homework. I got better grades because of this tool."*

*"I was able to use the examples during the homework exercises and apply them to other questions that I needed help in. I was able to get help when I needed by using the 'Help Me Solve This' button. Through the 'Results' feature I was able to keep track of my marks and I was able to see where I went wrong in them."*

*"I especially loved the tutorial (help section) within the homework."*

*"The interactivity of the website makes it more motivating to do math."*

*"The videos saved my life!"*

*"This program helped me find out where my weaknesses are."*

*"You should make this program available for all courses!"*

*"I couldn't have passed the class without it!"*

85% of students said they would recommend the program to another student or ask other professors to use it in class.
